

The Marquee Tag

The marquee tag is a non-standard HTML element which causes text to scroll up, down, left or right automatically.

Basic Marquee – Direction to the Left

```
<marquee>All About Me</marquee>
```

Marquee with a Background Color

```
<marquee bgcolor="#d9d9ff">All About Me</marquee>
```

Marquee – Direction to the Right

```
<marquee direction="right">All About Me</marquee>
```

Marquee Bounce Back and Forth

```
<marquee behavior="alternate">All About Me</marquee>
```

```
<!DOCTYPE html>
<html>
<head>
<title>HTML marquee Tag</title>
</head>
<body>
<marquee>This is an example of a basic marquee</marquee>
<marquee direction="right">The direction of this text will scroll to the
right.</marquee>
<marquee behavior="alternate">Text go back and forth</marquee>
<marquee bgcolor="#d9d9ff">marquee with a background
color</marquee>
</body>
</html>
```
